"... The development of an increasingly inclusive school also requires a great deal of courage and creativity from everyone—teachers, students, and families. Courage and creativity are what we need to innovate our educational activities.

International Day for the Elimination of Violence against Women

25 NOVEMBRE
BASTA VIOLENZA SULLE DONNE

Cari amici, oggi siamo qui riuniti per ricordare le innumerevoli donne che ogni anno vengono molestate e per le innocenti vittime che hanno perso la propria vita a causa della rabbia di un uomo. Questa giornata è stata istituita in ricordo delle sorelle Mirabel deportate, violentate e uccise il 25 novembre 1960 dalla Repubblica dominicana.

Per la maggior parte di voi (e anche per me!) il tema della violenza sulle donne è un argomento astratto, mentre oggi lo vorrei calare nella nostra vita quotidiana. Ogni giorno, senza pensarci, prendiamo in giro qualche compagna, scherziamo sull'aspetto fisico, facciamo battute, senza renderci conto del peso che questi comportamenti possono avere sulle loro vite e sulle nostre, perché creano una cultura che non muove il rispetto e la gentilezza, basi fondamentali della non violenza. Anche molti generi musicali e i media propongono un modello culturale dove le donne vengono trattate a parità di oggetti.

...ole e i pensieri che abbiamo avuto da ragazzi creano gli uomini che saremo un domani: per questo a iniziare dal basso, da noi. Guardiamoci allo specchio e chiediamoci come possiamo, con piccole

NEW

1st Performing Arts Hub of the Province of Vicenza

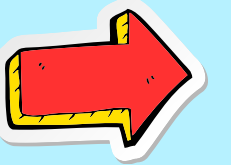

In June 27, 2025, our institute became part of the first artistic-performative orientation Hub in the Province of Vicenza. This hub includes other comprehensive institutes in the area, with “Comprensivo 10” serving as the lead school. It was created with the goal of promoting the development of integrated artistic pathways (theatrical, musical, visual, linguistic-creative, etc.), thus becoming a research-action center to experiment with new teaching methodologies and integrate artistic activities with new technologies, enhancing students' skills in various areas of creativity.
